

Final Poster - Group 20

Evaluation of the Training Video:

- Category 1 - 100%
- Category 2 - 100%
- Category 3 - 80%
- Category 4 - 0%

Edge Cases:

- Correction Scheme

Scene Detection:

- Jump cuts - Scene Detect Library

Future Improvements:

- Implement Category 4
- Confidence terms for Character Recognition (Ambiguity threshold)

Weaknesses:

- *Binarisation problems for small plates with bad resolution*
- Borderline characters removal

The end
